Art Unit: 3742

The amendment filed 10/1/08 is noted. Claims 2, 4-8, 11, 12, 15-17, and 19-21 are now pending.

Claim Rejections - 35 USC § 103

Claims 2, 4-8, 11, 12, 15-17, and 19-21 are rejected under 35 U.S.C. 103(a) as being unpatentable over US Pat. 3582356 in view of US Pat. 5193443.

Referring to Figs. 2-5 and col. 2, lines 58-67, US'356 discloses the skewer gripping device exactly as claimed.

The claims differ from US'356 only in calling for a hexagonal plate. However, US'443 discloses, at Figs. 1 & 6, and col. 3, lines 42-51, a hexagonal shaped skewer gripping device. It would have been obvious to utilize the hexagonal shape of US'443 for the gripping plates of US'356, since US'443 teaches both that such a skewer arrangement can be placed directly on a grill, and that the plates prevent rolling.

Response to Arguments

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

The examiner notes that new grounds of rejection were applied in response to Applicant's traversal of the examiner's assertion, in the previous Office action, that such hexagonal plate means were conventional.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
